ABOUT US & OUR VALUED CLIENTS

Delta Industrial Technologies company is Saudi Arabia based Company and operates in various business verticals namely General Contracting, Industrial Trading, Engineering Supports and specialization in IT solutions and integration. We have diversified industrial experience in Oil & Gas, Fertilizers, Petrochemicals, Mining, Heavy industries projects. We avail industrial best practices and core focus on EHSS to drive for everlasting clients and employee's satisfaction. Business, technical know-how and domain engineering experience gives us an edge to understand and deliver outcomes.

OUR VISION

To be preferred products and service provider that meets and exceeds our client business needs and expectations with substantial and sustainable outcomes.

OUR MISSION

We provide products and services that transcends utilization of best available technology, solutions and best practices for our clients in various industries. We foster and adopt innovation, creativity to meet our client satisfaction with constructive feedback for business improvement.

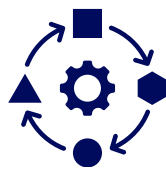

OUR VALUES

Trustworthiness:

Our Reliance on our Roles and responsibilities with trust and honesty makes the basic fabric of business deals.

Adaptive:

In ever changing and evolving work or business environment, transcending and quick adaptation can sustain and deliver outcomes.

Collaborative:

Engaging and achieving more as team mind set is new Mantra for incremental growth in complex supply chain networks.

Transparency:

Maintaining credibility and respect with customers to communicate and build relationship is Mode to operate.

ACCREDITATIONS & QHSE POLICY

Integrated Management System ISO 9001: 2015, ISO 14001:2015 & ISO 45001:2018

DELTA INDUSTRIAL TECHNOLOGIES COMPANY
QHSE Integrated Policy

It is the Policy of Delta Industrial Technologies Company to Maintain Its Reputation as One of The Leaders In "General Contracting, Trading, IT Solutions, Cyber Security, System Integrator, Fire and Security System Installation, Project Management & Consultancy", Vision 2030" Explore the Various Opportunities in Required Products & Services Through:

- Establishing, implementing, maintaining IMS (iso 9001:2015; iso 14001:2015; iso 45001:2018), that is appropriate to the purpose and context of the organization and its strategic direction.
- The personnel involved in the day-to-day operation will conduct themselves in an environmentally responsible manner at all times and aim for overall continual improvement of environmental performance.
- Setting smart objectives at all functional levels of operation and monitoring the performance and updating these objectives periodically.
- Promoting a workplace in which all employees are properly trained to comply with applicable health, safety & environmental laws and other requirements, regulations, and procedures to eliminate hazards and reduce risks. Periodically review and establish goals to demonstrate continual improvement in the facility's HSE performance.
- Provide training and education to all employees to work in manners, which provides commitment to maximizing environmental protection, prevention of pollution and to understand the implication of environmental policy.
- Provide commitment to consultation and participation of workers, where they exist as workers' representatives.

COMMUNICATION OF IMS POLICY:

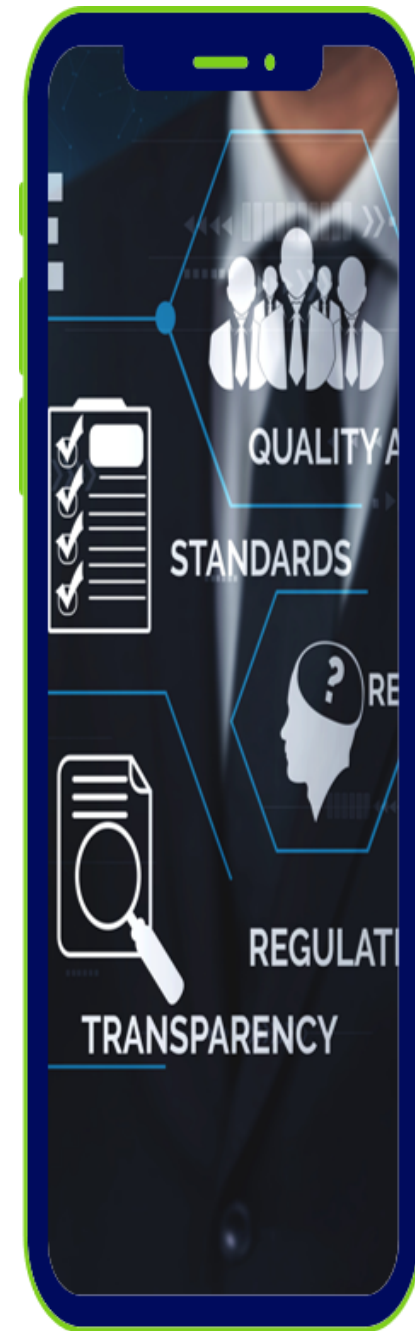

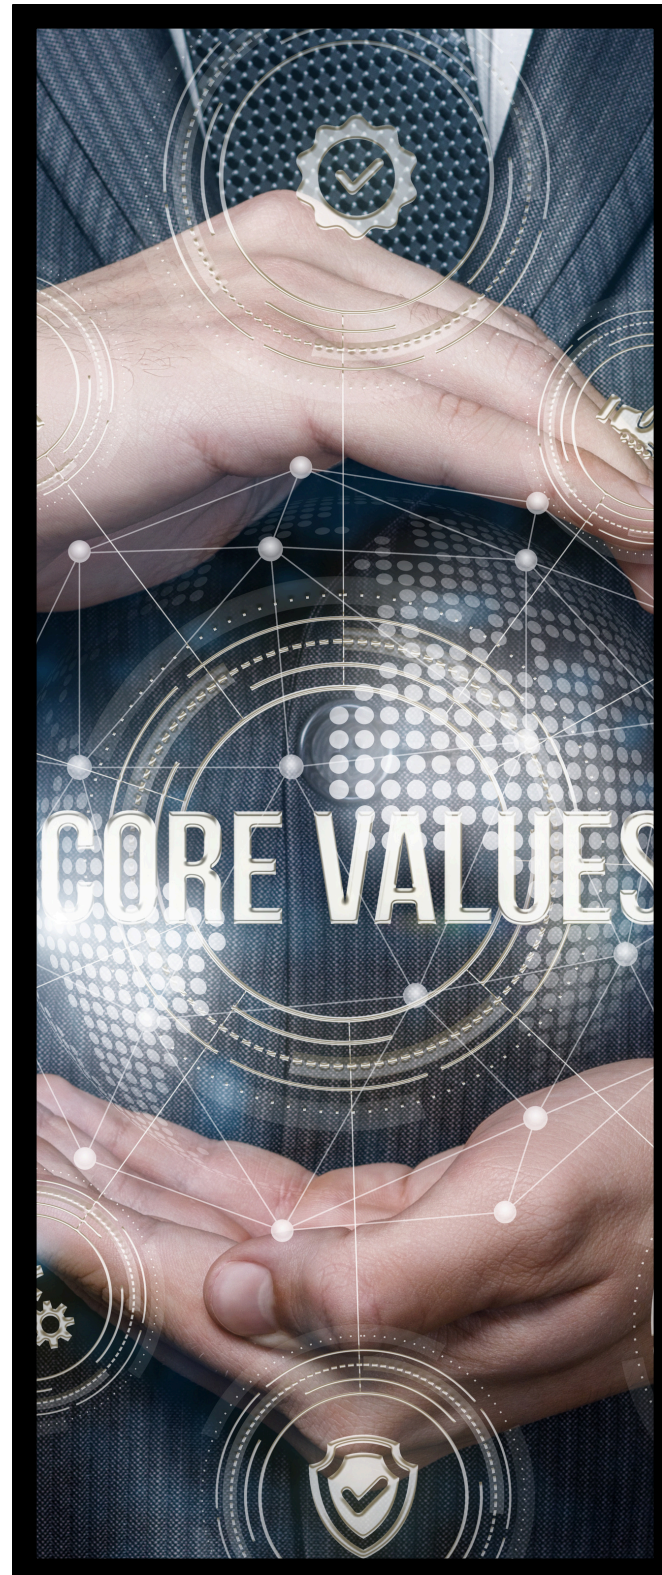

- It Is Ensured That This IMS Policy Is Understood, Implemented and Maintained and Communicated at All Levels in The Company by Providing Appropriate Training for All Personnel and Available to Relevant Interested Parties.

VISION:

- To be the global leader in providing Information Technology business solutions and services.

General Manager

SERVICES AT A GLANCE

DELIVERING VALUES

General Contracting :

- Engineering Support, Projects Execution.
- Large Conveyor Installation.
- E&I Projects and PLC Integration.

Inspection & Testing :

- Ground Penetration Radar (GPR),
- Soil Field Testing

IT Solution :

- Applications, ERP, Software Development & AIML Solutions.

Project Management :

- Project Planning & Control, Set Strategy,
- Risk Management Approach.
- Plant Start up Assurance Plant Readiness Program – PRP.

System Integrator :

- Industrial Security Solutions, Integrator partner for Siemens, ABB, Schneider.
- Fire & Gas System

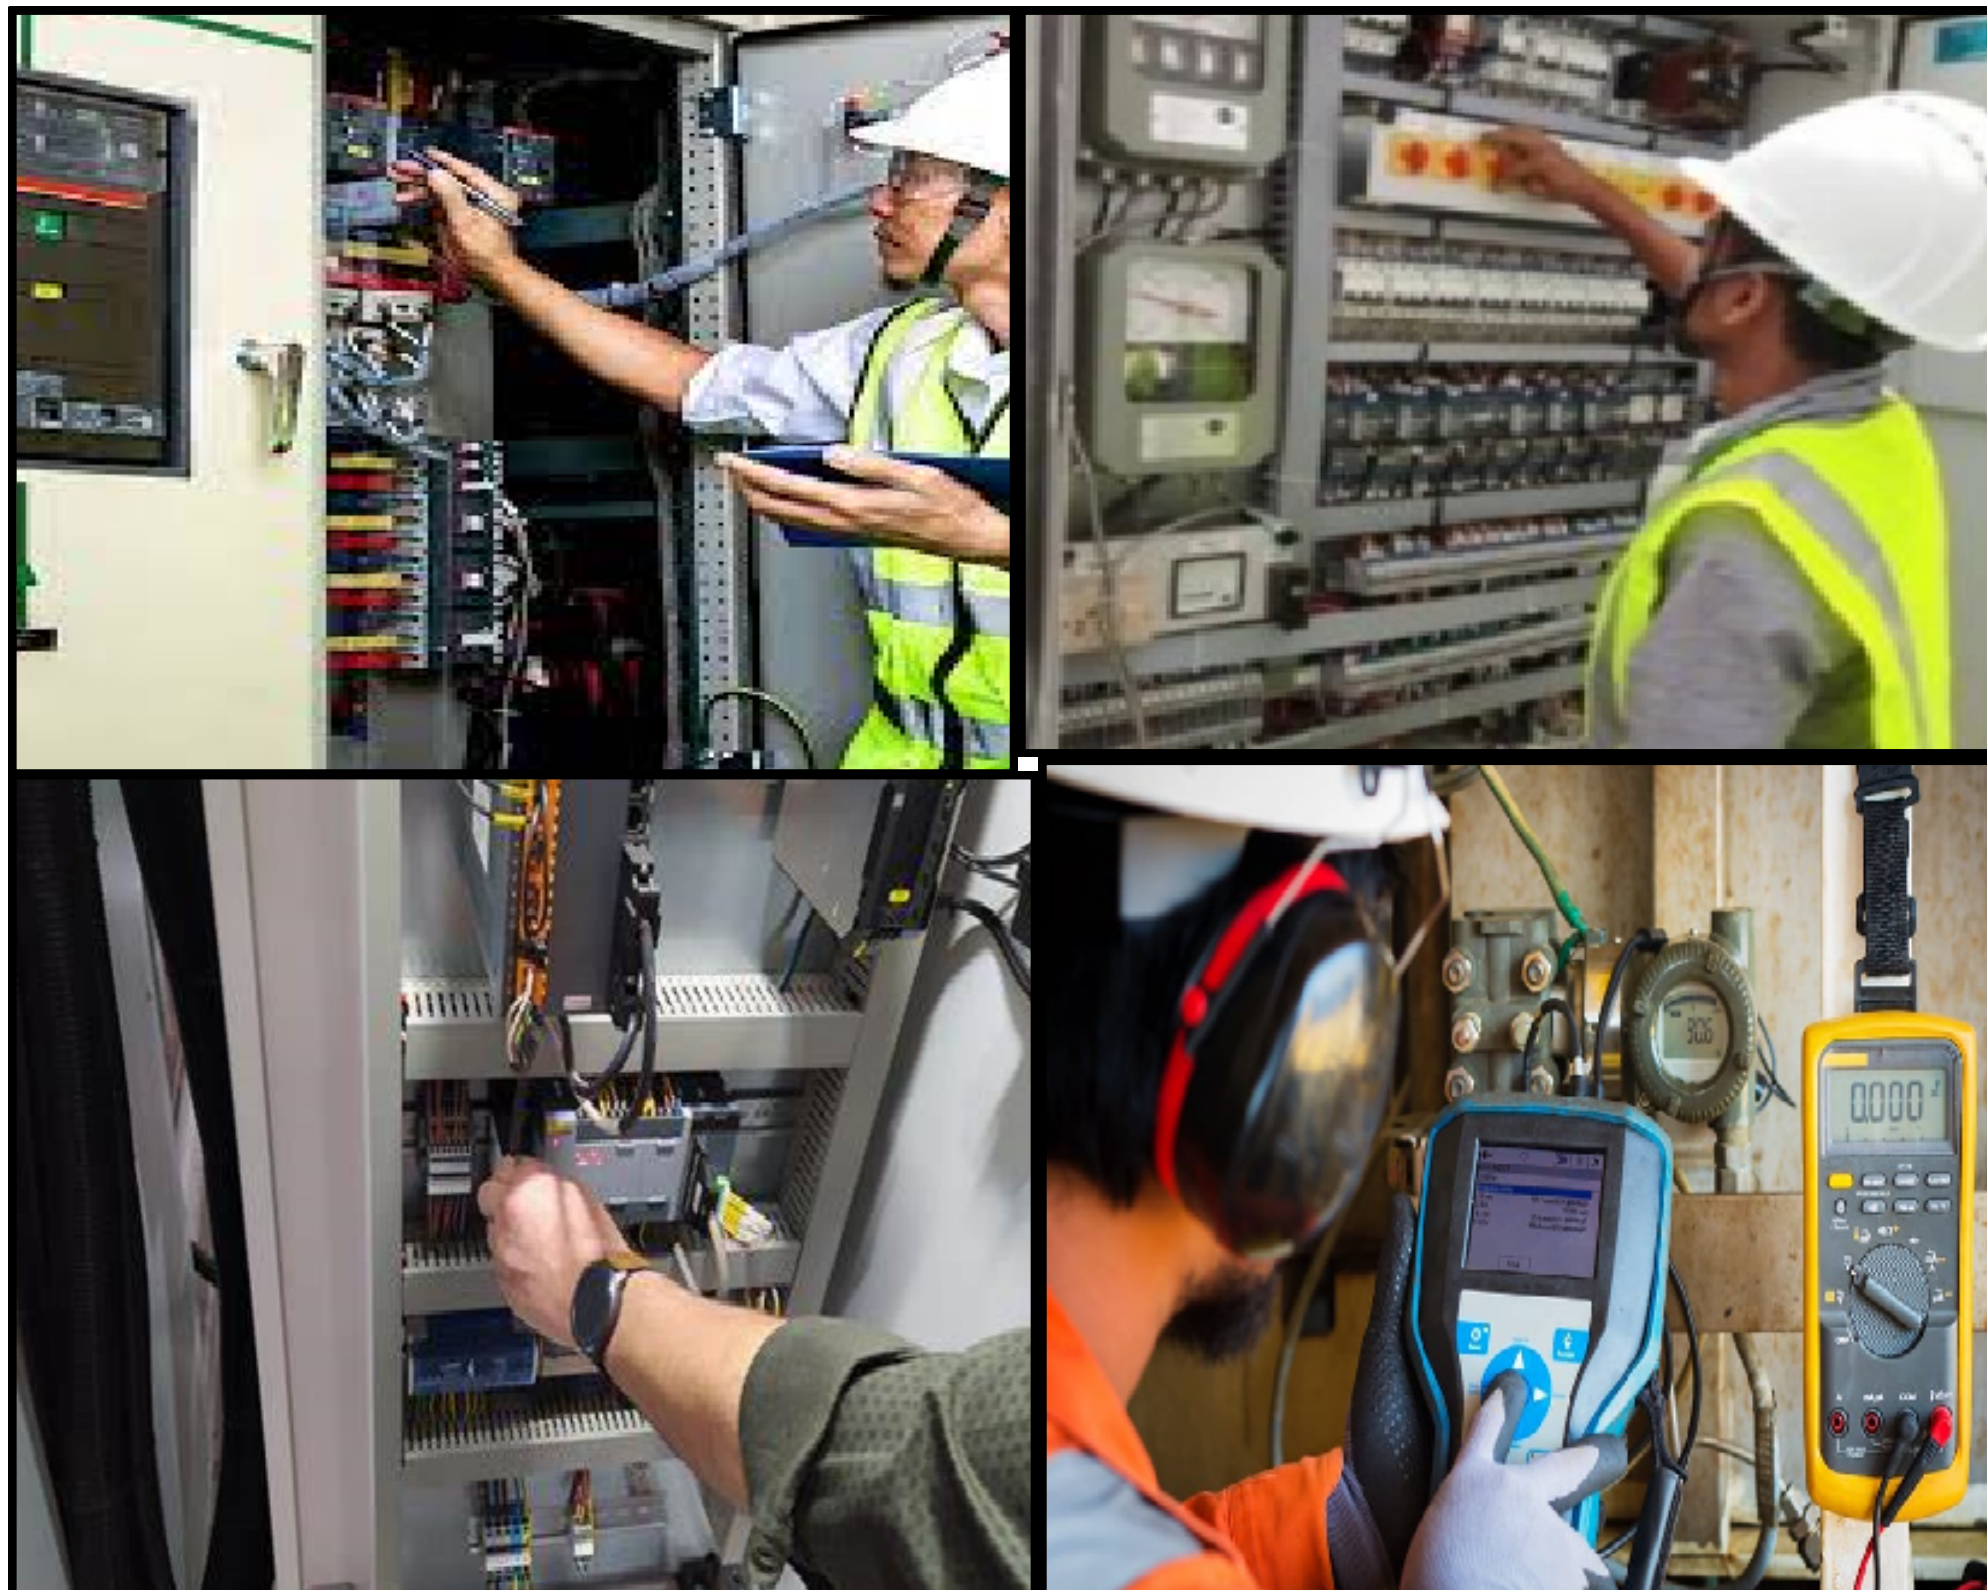

In Association with Channel Partner+

Mechanical LSTK Services

- Conveyor and Belt Installation.
- Vibratory Feeders and Silos Installation
- Rail Structure Stacker Conveyor.
- Bunkers fabrication and installation
- Flue Gas Duct fabrication & Erection.
- Stack fabrication and Erection.
- Hopper fabrication and Erection.
- Equipment Structure & Supports.
- Silos fabrication & Installation.
- Piping, Ducting fabrication & Installation.
- Pre-Engineered Building (PIB) Structures Design, Fabrication & Erection.

Electrical and Instrument LSTK Services

- MV/LV VFD Installation & OEM Integration
- Motor control centers installation & Testing.
- Power , Lightning panel installation.
- MV/LV Cables splicing , laying & Termination.
- Power Distribution system ,Industrial UPS.
- MV/LV Switchgear.
- Instrumentation Panels
- Remote IO Panels, JB'S Installation, Conduiting.
- Interposing Relay Panels, Relays installation.
- Marshaling and Local Control Systems
- Impulse, Pneumatic & Instrument Tubing
- Thermocouple, RTD Sensors, Vibration sensors
- All Field Instruments (Flow, Pressure, Level, Etc.)
- All Types of Valves and Actuator.

Fire & Gas System LSTK Services

Delivers F &G System for Commercial & Industrial Sectors

Engineering for HCIS Compliance :

- Expertly tailored solutions to meet regulatory requirements while optimizing performance and cost.

Material Sourcing FM/UL Listed :

- High-quality, reliable components like Deluge Valves, Pressure Switches, Sprinklers, Hydrants, Monitors.
- Gas, Flame, Toxic Detectors, Piping Works, manual pull stations, hose reel cabinets, portable fire extinguishers, foam system etc.

HMI Integration Support :

- Seamless Human-Machine Interface, integration for real-time data, alerts, and control.
- Original Equipment Manufacturers engagement on control systems and system integration. Notifiers, Tryconix, Detronics etc.

INFORMATION TECHNOLOGY INFRASTRUCTURE SERVICES

CCTV Solutions

- CCTV Solutions: Our CCTV services extend from meticulous installation and configuration to network integration, ensuring that your security infrastructure is robust and scalable. We leverage cutting-edge technology and video analytics to enhance surveillance capabilities, providing remote monitoring options for increased flexibility.

Access Control and Intrusion Detection

- Access Control Systems: Enhance the security of your premises with our cutting-edge access control solutions. From biometric systems to key card access, we provide tailored access control solutions that manage and monitor entry points, ensuring only authorized personnel have access to designated areas.

Networking Solutions

- Networking Expertise: As networking specialists, we design, implement, and manage robust networks tailored to optimize communication and data exchange within your organization. Our services ensure that your network infrastructure is reliable, secure, and scalable to support your business growth.

Computer Hardware and Software Support

- Computer Hardware and Software Support: Our comprehensive IT services encompass the maintenance and support of computer hardware and software. From troubleshooting technical issues to implementing software solutions, we ensure that your IT infrastructure operates seamlessly, enhancing productivity and efficiency.

IP Telephony Solutions

- IP Telephony Solutions: We excel in the deployment of IP telephony systems, providing cost-effective communication solutions that leverage the power of the internet. Our expertise ensures seamless integration with your existing infrastructure, enabling efficient and reliable voice communication for your organization.

OUR CHANNEL PARTNERS+

- Our Channel Partner M/S Kemco is a duly registered company in Sultanate of Oman-Sohar, engages in Procurement, supply, Fabrication, Installation of Industrial Plants Services with extensive experience in Steel plants and Material Handling LSTK projects augmented through Ditco Experience and Local Resources forte and Complementing expertise in Steel and Mining Industries.

MAJOR ACCOMPLISHMENTS

- Crusher Plant Erection : Al Batna Project-Oman.
- Shop fabrication & Erection of Structure, Vessels : > 4000 MT.- Projects
- Belt Conveyor & Rail Structure (478MT) : Al Tamman Indsil Ferro Chrome LLC.
- Ferro Alloy Feeding system (419 MT) : Jindal Shadeed Iron & Steel -Oman
- Erection of Turndish Preparation Shop (500MT) : Jindal Shadeed Iron & Steel.
- Misco Flue Gas Duct, Stack , Hopper Erection : Moon Iron & Steel Co. Oman.

SKILLS AND COMPETENCIES

ENGINEERING

- ✓ Know how of technological equipment's, Design knowledge.
- ✓ Seasoned professionals in Steel, Fertilizers, Mining , Petrochemical , Material handling in KSA, Oman & UAE.

PROCUREMENT

- ✓ Strong connections within supply chain networks.
- ✓ Quality Material ,Vendor Sourcing & Competitive pricing.

CONSTRUCTION & COMMISSIONING

- ✓ Expert Rigging Team , Foreman and Site Engineers.
- ✓ Highest level of HSE & Life Saving rules (LSR) applied.
- ✓ Adherence to Permit to Work Compliances.
- ✓ Highly Trained HSE , QA/QC staff for Overall Assurance.
- ✓ Flawless Start up initiative (FSI) for Plant readiness Program –PRP.

CAPABILITIES LSTK SERVICES

HUMAN RESOURCE - DITCO+

- 70+ on payroll.-Industry experts.
- 50+ Visa Availability ,200+ local sourcing.

EQUIP. & MACHINERIES - DITCO+

- Fab Shop : 12500+ SQM.
- Hydraulic Press : 500,150 MT
- Hydraulic Crane : 50,25 MT
- Hydra : 15 T
- Plasma Cutting M/C : 4
- Lathe M/C : 1
- Sand Blast,Paint M/C : 2
- Radial Drill M/C : 1
- DG Welding M/C : 1 (500 Amp)
- Power Press : 1
- Plate rolling M/C : 3 (40,12,8 mm)
- Plate shearing M/C : 1

RECENT EXECUTED PROJECTS

KSA+OMAN

S.N	Project	Clients	Scope	Status
1	200 TPD Oxygen Plant	Air Product	Piping 17KM, TSA Skid, Lin/Lox Tank, Insulation, Chemical Cleaning for O2 piping	Completed
2	36 MVA SAF -Submerged Arc Furnace	Jindal - Sohar	SAF Structural Fabrication and Equipment's Erection	Completed
3	GCP Chimney	Jindal	Chimney material supply , fabrication and Erection	Completed
4	Air Separation Unit	Moon Iron & Steel	Fabrication & Erection of Air separation plant , Misco Duct & Structure , Flue Gas Duct , Bag House Filters	Completed
5	Fabrication & Erection of Static Equip.	Jindal	DS Vessels Fab & Erection , Gas Mist Vessel fab & Erection with Piping , 90Mtr Stack fabrication and Erection	Completed
6	Ferro Alloy feeding system	Jindal -Shadeed	Erection of Ferro Alloy feeding system, EF & LF duct fabrication & Erection (841T)	Completed
7	CCTV Installation & HCIS Related Scope	Maaden Phosphate	CCTV material selection , procurement and installation and associated Electrical cabling and Testing	Completed
8	Piping Material fabrication and Supply	Maaden Phosphate	Piping material with Piping fittings and Instruments	Completed
